

Faculty Sponsors

The following faculty members are willing to sponsor students for the 4+1 program. It is each student's responsibility to contact a faculty member to initiate a conversation about sponsorship for the 4+1 program. Please be prepared to discuss your research interests, potential research projects, your responsibilities in the sponsor's lab, and the sponsor's expectations for your research progress in each semester of the program. Faculty contact information is available on the department website.
